**INTRODUCE A GIRL  
TO ENGINEERING**

**MARCH 21, 2026 | 8:30 AM - 12:30 PM**  
Gwinnett School of Math, Science & Technology

## JOIN US FOR A DAY OF ENGINEERING

**Introduce a Girl to Engineering is a half-day program designed to introduce upper elementary and middle school-aged girls to engineering through fun projects and activities. The day includes:**

Hands-on activities that will expose students to engineering concepts in an interactive and engaging way led by engineering professionals, scientists, and STEM college students.

Q&A session for parents about preparing students for an engineering education hosted by engineering professionals, college professors, and college students.
